EXAM PROCEDURES & POLICIES FOR STUDENTS

The Ministry issues rules and regulations regarding examinations. You will find below highlights of these rules as well as Centre policies and procedures. Please read them carefully.

BEFORE THE EXAMINATION SESSION

Any type of support or adaptation required for a student(s) must be pre-arranged before exam date. You are to contact an administrator or the academic advisor to make the arrangements accordingly.

- ✓ **Read the information documents** for the exam in order to ensure that you have access to authorized materials only.
- ✓ **Make sure you know what support** you are able to we access to or what you are not allowed to do. (ex: *Math memory aides*)
- ✓ **Math Memory Aides must be signed** (prior) by the teacher (*please see specific procedures for the Math Memory Aid below*).

DURING THE EXAM SESSION

- All exams begin promptly at the beginning of the block. Any student that arrives 30 minutes after the start of the exam will not be allowed to enter the exam room.
- Once the exam starts, students are not permitted to leave the exam room. Students should arrange to use the washroom **BEFORE** the exam as they are not allowed to leave.
- **Purses, books, jackets, cell phones, or other electronic devices must be left at the front of the class.** Once students begin writing their exams, the invigilator will go around with the sign-in sheet to each student's desk and have each student sign the sign-in sheet with their initials/signature and the time that they started writing the exam. At the end of the exam when the student turns in their exam, they must, once again, sign their name and the time that they are leaving the exam room.
- Students **ARE NOT** to receive any explanations, definitions, translations or reformulations or receive hints that they made an error.
- **Any student cheating or communicating** with another student during an exam will be given an automatic zero mark for that exam. The sharing of material is not permitted.
- Students must stay in the exam room for at least one half of the total allotted exam time. No students will be permitted to leave before this time.
- Students with special accommodations are to write their exams in the room indicated to them by their teachers.

AFTER THE EXAMINATION SESSION (2 points)

- Students are to return all parts of the exam to the invigilator.
- Once a student has handed in their exams, they are to exit the exam room. Students are not permitted to re-enter the exam room once they leave.
